Cameron Camel needs a pump on his hump.

I wonder why?

Cameron Camel can't eat much food.

His body won't let him, though he is good.

Cameron Camel became poorly and thin.

The doctor said...

What's wrong with him?

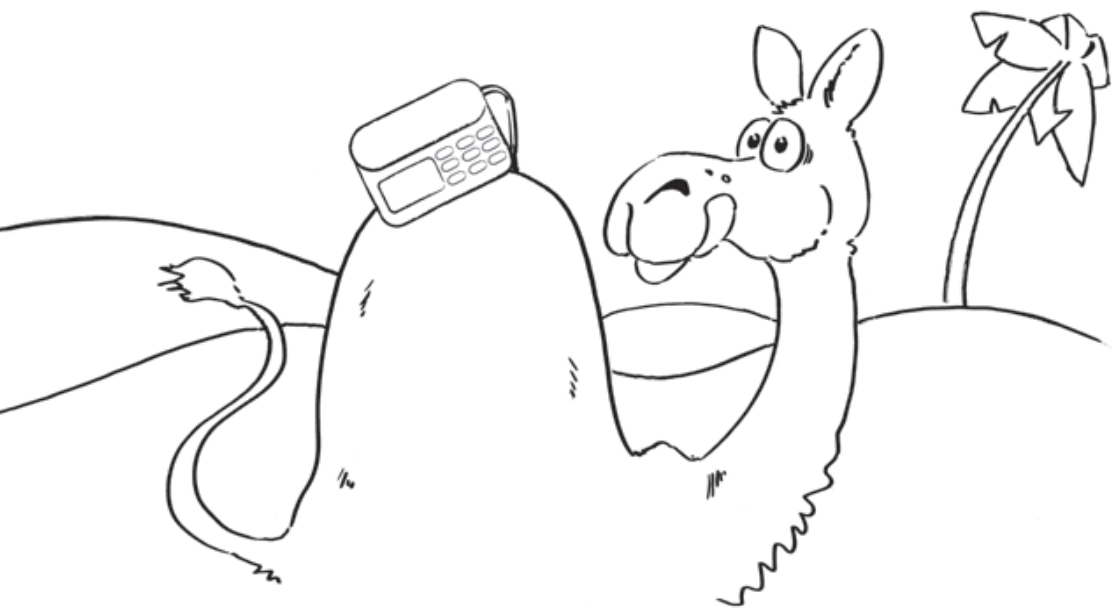

“Cameron Camel must have a tube,
then he can have some special food!”

Can you see where teddy is hiding?

Cameron Camel's tube was thin,
however would the food go in?

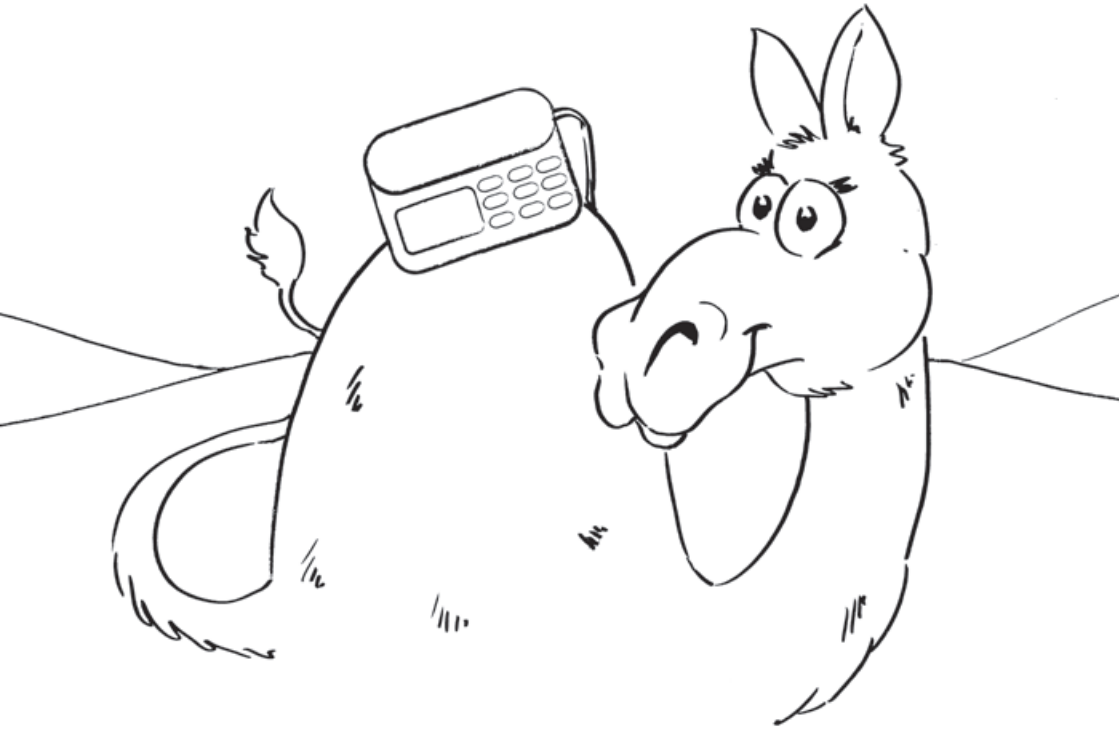

Cameron Camel uses a pump,
he carries it around perched on his hump.

Cameron Camel goes out to play.
He feels much better... hip hip hooray!

Can you join the dots to find Cameron's hump?

Cameron Camel has a pump on his hump.

Do you know why?

Can you draw Cameron Camel?
